

=====

Project Code: NUSP0001
Project Name: International COVID Surveys – Wave 1 Interim
Prepared for: Er Siew Ming and Tan Soo Jie Sheng, National University of Singapore
Interviews: 8400
Field Period: February 02, 2022 – March 13, 2022
Project Manager: Alexander Marsolais – alexander.marsolais@yougov.com

=====

YouGov interviewed the following number of respondents in 5 countries:

1342 in Colombia
1940 in India
1295 in Kenya
1242 in Nigeria
1285 in Vietnam
1374 in South Africa
1236 in Tanzania

Following this, respondents were weighted to sampling frames representing the internet connected population of each country. These frames were generated through random sampling of the Latin American Public Opinion Project 2019 (Colombia), the Pew Global Attitudes Survey 2017 (Vietnam), the Pew Global Attitudes Survey 2019 (India), and the Afrobarometer survey 2019 (Kenya, Nigeria, South Africa and Tanzania).

The cases were weighted to their respective sampling frames using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age and gender. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post-stratified according to these deciles.

The weights were then post-stratified on a two-way stratification of gender and age (4-categories).

Q1_4_order	Q1/Q2 order
Q1	How satisfied are you with your life as a whole these days?
Q2	Is your household currently able to make ends meet?
Q4	Was your household able to make ends meet immediately before the COVID-19 pandemic started?
Q5_3most_1	Which three of the following sources of information about COVID-19 are you paying the most attention to: Newspapers
Q5_3most_2	Which three of the following sources of information about COVID-19 are you paying the most attention to: Television
Q5_3most_3	Which three of the following sources of information about COVID-19 are you paying the most attention to: Radio
Q5_3most_4	Which three of the following sources of information about COVID-19 are you paying the most attention to: Social media (e.g. Facebook)
Q5_3most_5	Which three of the following sources of information about COVID-19 are you paying the most attention to: Other internet sites (including medical websites)
Q5_3most_6	Which three of the following sources of information about COVID-19 are you paying the most attention to: Family members
Q5_3most_7	Which three of the following sources of information about COVID-19 are you paying the most attention to: Friends & neighbors
Q5_3most_9	Which three of the following sources of information about COVID-19 are you paying the

most attention to: Doctors and other health care workers

Q5_3most_10

Which three of the following sources of information about COVID-19 are you paying the most attention to: Religious leaders

Q5_3most_11

Which three of the following sources of information about COVID-19 are you paying the most attention to: NGOs

Q5_3most_13

Which three of the following sources of information about COVID-19 are you paying the most attention to: Local Government

Q5_3most_12

Which three of the following sources of information about COVID-19 are you paying the most attention to: National Government

Q5_3least_1

Which three of the following sources of information about COVID-19 are you paying the least attention to: Newspapers

Q5_3least_2

Which three of the following sources of information about COVID-19 are you paying the least attention to: Television

Q5_3least_3

Which three of the following sources of information about COVID-19 are you paying the least attention to: Radio

Q5_3least_4

Which three of the following sources of information about COVID-19 are you paying the least attention to: Social media (e.g. Facebook)

Q5_3least_5

Which three of the following sources of information about COVID-19 are you paying the least attention to: Other internet sites (including medical websites)

Q5_3least_6

Which three of the following sources of information about COVID-19 are you paying the least attention to: Family members

Q5_3least_7

Which three of the following sources of information about COVID-19 are you paying the least attention to: Friends & neighbors

Q5_3least_9

Which three of the following sources of information about COVID-19 are you paying the least attention to: Doctors and other health care workers

Q5_3least_10

Which three of the following sources of information about COVID-19 are you paying the least attention to: Religious leaders

Q5_3least_11

Which three of the following sources of information about COVID-19 are you paying the least attention to: NGOs

Q5_3least_13

Which three of the following sources of information about COVID-19 are you paying the

Q5_3least_12	least attention to: Local Government Which three of the following sources of information about COVID-19 are you paying the least attention to: National Government
Q6_3most_1	Check the three source of COVID-19 information that you have the most trust in: Newspapers
Q6_3most_2	Check the three source of COVID-19 information that you have the most trust in: Television
Q6_3most_3	Check the three source of COVID-19 information that you have the most trust in: Radio
Q6_3most_4	Check the three source of COVID-19 information that you have the most trust in: Social media (e.g. Facebook)

Check the three source of COVID-19 information that you have the least trust in: National government

Q7a_1

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Unemployment payments from the government

Q7a_2

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Food support from the government

Q7a_3

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Permission to defer or reduce payment of taxes

Q7a_4

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Free or subsidized water bill

Q7a_5

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Deferred payment of water bill

Q7a_6

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Free or subsidized electricity bill

Q7a_7

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Deferred payment of electricity bill

Q7a_8

Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Free or subsidized rent

for my home, business or farm

- Q7a_9 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Health care assistance from the government
- Q7a_10 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Financial help with school fees from school or the government
- Q7a_11 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Financial help from family members outside my immediate household
- Q7a_12 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Financial support for your business
- Q7a_13 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Deferred payment of loans
- Q7a_14 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Deferred payment of rent
- Q7a_15 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: Deferred payment of mortgage
- Q7a_16 Which of these types of financial help, if any, have you or your household received since the COVID-19 pandemic began: I haven't received any of these types of financial assistance
- Q7c_1 Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced contact with people outside my household
- Q7c_2 Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Increased handwashing with soap
- Q7c_3 Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced going to church / mosque/ temple
- Q7c_4 Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced going to shops (except for groceries or other essentials)
- Q7c_5 Which of these actions, if any, have you or your household performed since the COVID-19 pandemic

	began: Reduced going to restaurants
Q7c_6	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced time spent in nature or city parks
Q7c_7	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced getting regular exercise
Q7c_8	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced taking public transportation
Q7c_9	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced going to my place of work
Q7c_10	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced time spent collecting fuel
Q7c_11	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Reduced time spent collecting water
Q7c_12	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Usually wear a facemask when I go outside my home
Q7c_13	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: Have installed a contact tracing App on my phone
Q7c_21	Which of these actions, if any, have you or your household performed since the COVID-19 pandemic began: I haven't taken any of these actions in response to COVID-19
Q8_1	Since the COVID-19 pandemic began, household usage: Electricity
Q8_2	Since the COVID-19 pandemic began, household usage: Traditional fuel for cooking and heating (e.g., wood, charcoal)
Q8_3	Since the COVID-19 pandemic began, household usage: Modern fuels for cooking and heating (e.g., bottled gas)
Q8_4	Since the COVID-19 pandemic began, household usage: Internet and phone services
Q8_5	Since the COVID-19 pandemic began, household usage: Public transportation services
Q8_6	Since the COVID-19 pandemic began, household usage: Water
Q8_7	Since the COVID-19 pandemic began, household usage: Food
Q8_8	Since the COVID-19 pandemic began, household

	usage: Healthcare and medicines
Q11_1	Change since the pandemic began: Air quality indoors at home
Q11_2	Change since the pandemic began: Air quality outdoors
Q11_3	Change since the pandemic began: Quality of your drinking water
Q11_4	Change since the pandemic began: Litter, trash in streets & public spaces
Q11_5	Change since the pandemic began: Traffic congestion
Q12	How many other people are living in household
Q12a	How many of these household members are in school?
Q12b	How many of these household members are children below 16 years?
Q12c	How many household members, including yourself, are 60 years of age or older?
Q13	Are any of these household members (including yourself) at high risk of becoming seriously ill or dying if they get COVID?
Q13C_1	Do any of your household members (including yourself) have any of the following conditions: High blood pressure
Q13C_2	Do any of your household members (including yourself) have any of the following conditions: Lung disease (such as COPD or asthma)
Q13C_3	Do any of your household members (including yourself) have any of the following conditions: Heart disease
Q13C_4	Do any of your household members (including yourself) have any of the following conditions: Kidney disease
Q13C_5	Do any of your household members (including yourself) have any of the following conditions: Diabetes
Q13C_6	Do any of your household members (including yourself) have any of the following conditions: Immunocompromised
Q13C_9	Do any of your household members (including yourself) have any of the following conditions: None of the above
Q14_1	Has anyone in your household (including yourself): thought they were exposed to COVID-19?
Q14_2	Has anyone in your household (including yourself): been tested for COVID-19
Q14_3	Has anyone in your household (including yourself): tested positive for COVID-19

Q14_4	Has anyone in your household (including yourself): been sick from COVID-19
Q14_5	Has anyone in your household (including yourself): been hospitalized from COVID-19
Q14_6	Has anyone in your household (including yourself): died from COVID-19
Q15	How many members in your household have been sick from COVID-19?
Q16	Have you been sick from COVID-19?
Q17	Have you been tested for COVID-19?
Q18	Did you test positive for COVID-19?
Q19	How easy do you think it is now for someone in your community to be tested to check if they are currently infected with COVID-19?
Q22_1	Agree/Disagree: Scientists believe that the COVID-19 virus has stopped mutating, and we are unlikely to face any new variants in the future.
Q22_2	Agree/Disagree: Someone getting COVID-19 is no more likely to die than if they get influenza.
Q22_3	Agree/Disagree: The first people infected with COVID-19 were in China.
Q22_4	Agree/Disagree: Young adults are immune and cannot be infected with COVID-19.
Q22_5	Agree/Disagree: You can have COVID-19 and infect others without showing any symptoms.
Q22_6	Agree/Disagree: Standing 2 meters apart helps reduce COVID-19's spread.
Q22_7	Agree/Disagree: Face masks do not help reduce COVID-19's spread.
Q22_8	Agree/Disagree: Avoiding crowds reduces your chances of infection with COVID-19.
Q22_9	Agree/Disagree: Someone is less likely to get COVID-19 outdoors than doing the same activity indoors.
Q22_10	Agree/Disagree: Most scientists and doctors believe that the new Covid-19 vaccines are safe and effective.
Q23a_1	Most/Least serious: Malaria
Q23a_2	Most/Least serious: HIV/AIDS
Q23a_3	Most/Least serious: Water borne diseases like diarrhea
Q23a_4	Most/Least serious: Lung cancer and respiratory diseases caused by air pollution and smoking
Q23a_5	Most/Least serious: Alcoholism and drug use
Q23a_6	Most/Least serious: Tuberculosis
Q23a_7	Most/Least serious: COVID-19
Q23b_1	2nd Most/Least serious: Malaria
Q23b_2	2nd Most/Least serious: HIV/AIDS

Q23b_3	2nd Most/Least serious: Water borne diseases like diarrhea
Q23b_4	2nd Most/Least serious: Lung cancer and respiratory diseases caused by air pollution and smoking
Q23b_5	2nd Most/Least serious: Alcoholism and drug use
Q23b_6	2nd Most/Least serious: Tuberculosis
Q23b_7	2nd Most/Least serious: COVID-19
Q23c_1	3rd Most/Least serious: Malaria
Q23c_2	3rd Most/Least serious: HIV/AIDS
Q23c_3	3rd Most/Least serious: Water borne diseases like diarrhea
Q23c_4	3rd Most/Least serious: Lung cancer and respiratory diseases caused by air pollution and smoking
Q23c_5	3rd Most/Least serious: Alcoholism and drug use
Q23c_6	3rd Most/Least serious: Tuberculosis
Q23c_7	3rd Most/Least serious: COVID-19
Q25_3most_1	The three items you are the most worried about now: Being able to get non-COVID medical care
Q25_3most_2	The three items you are the most worried about now: Being able to pay rent or mortgage
Q25_3most_3	The three items you are the most worried about now: Having enough money for medical care/insurance
Q25_3most_4	The three items you are the most worried about now: Having enough money for school fees
Q25_3most_5	The three items you are the most worried about now: Having enough money for fuel
Q25_3most_6	The three items you are the most worried about now: Having enough clean water
Q25_3most_7	The three items you are the most worried about now: Children falling behind in their education
Q25_3most_8	The three items you are the most worried about now: Unable to work because children not in school
Q25_3most_9	The three items you are the most worried about now: Being able to travel
Q25_3most_10	The three items you are the most worried about now: Not having enough food to eat every day
Q25_3least_1	The three items you are the least worried about now: Being able to get non-COVID medical care
Q25_3least_2	The three items you are the least worried about now: Being able to pay rent or mortgage
Q25_3least_3	The three items you are the least worried about now: Having enough money for medical care/insurance
Q25_3least_4	The three items you are the least worried about

Q25_3least_5	now: Having enough money for school fees The three items you are the least worried about now: Having enough money for fuel
Q25_3least_6	The three items you are the least worried about now: Having enough clean water
Q25_3least_7	The three items you are the least worried about now: Children falling behind in their education
Q25_3least_8	The three items you are the least worried about now: Unable to work because children not in school
Q25_3least_9	The three items you are the least worried about now: Being able to travel
Q25_3least_10	The three items you are the least worried about now: Not having enough food to each every day
Q26	Preference for govenment action
Q27	Face mask regulation
Q27a	Has there been a COVID-19 lockdown in your community where people were asked to stay in their homes except for essential activities like buying food?
Q28	Government imposed lockdown
Q29	Mandatory vaccination for travel
Q30_31_treatment	Q30/Q31 Version
Q30v1	(Version 1) Over the next 12 months, what do you think the chances are that you yourself will become infected with COVID-19?
Q30v2	(Version 2) Over the next 12 months, what do you think the chances are that you yourself will become infected with COVID-19?
Q30v3	(Version 3) Over the next 12 months, what do you think the chances are that you yourself will become infected with COVID-19?
Q31v1	(Version 1) Assume that you became infected with COVID-19. What do you think the chances are that you would become sick enough to need hospitalization?
Q31v2	(Version 2) Assume that you became infected with COVID-19. What do you think the chances are that you would become sick enough to need hospitalization?
Q31v3	(Version 3) Assume that you became infected with COVID-19. What do you think the chances are that you would become sick enough to need hospitalization?
Q32	When do you think that the COVID-19 pandemic will be over in you country and there will be very little chance of anyone becoming infected?
Q34	Which of these best describes your situation with

Q35	respect to getting vaccinated against COVID-19?
D1_urban	Which vaccine did you receive?
Q36_X1	Urbanicity
Q36_X2	Q36 – cost
Q36b_X2	Q36 – travel time
Q36c_X2	Q36b – travel time
Q36_X3	Q36c – travel time
Q36	Q36 – wait time
Q36_unvaccinated	Cost/Time Considerations for vaccination
	(Unvaccinated) Cost/Time Considerations for vaccination
Q36_partial	(Partial) Cost/Time Considerations for vaccination
Q36_fully	(Fully) Cost/Time Considerations for vaccination
Q36_boosted	(Boosted) Cost/Time Considerations for vaccination
Q36b	(Q36 YES) Cost/Time Considerations for vaccination
Q36c	(Q36 NO) Cost/Time Considerations for vaccination
Q40_1	Best/worst method for vaccine allocation: Use a national lottery to decide who gets a vaccine
Q40_2	Best/worst method for vaccine allocation: Let the market set the price so those willing to pay the most gets it first
Q40_3	Best/worst method for vaccine allocation: Let government officials decide
Q40_4	Best/worst method for vaccine allocation: Let an independent panel of leading scientists and medical experts decide
Q40_5	Best/worst method for vaccine allocation: Allocate vaccines to “high risk” groups first (e.g., the elderly)
Q40_6	Best/worst method for vaccine allocation: Allocate vaccines to groups most likely to transmit the virus
Q40_7	Best/worst method for vaccine allocation: Allocate vaccines to places with highest current COVID-19 infection rates
Q41_1	2nd Best/worst method for vaccine allocation: Use a national lottery to decide who gets a vaccine
Q41_2	2nd Best/worst method for vaccine allocation: Let the market set the price so those willing to pay the most gets it first
Q41_3	2nd Best/worst method for vaccine allocation: Let government officials decide
Q41_4	2nd Best/worst method for vaccine allocation: Let an independent panel of leading scientists and medical experts decide

Q41_5	2nd Best/worst method for vaccine allocation: Allocate vaccines to "high risk" groups first (e.g., the elderly)
Q41_6	2nd Best/worst method for vaccine allocation: Allocate vaccines to groups most likely to transmit the virus
Q41_7	2nd Best/worst method for vaccine allocation: Allocate vaccines to places with highest current COVID-19 infection rates
Q42_1	3rd Best/worst method for vaccine allocation: Use a national lottery to decide who gets a vaccine
Q42_2	3rd Best/worst method for vaccine allocation: Let the market set the price so those willing to pay the most gets it first
Q42_3	3rd Best/worst method for vaccine allocation: Let government officials decide
Q42_4	3rd Best/worst method for vaccine allocation: Let an independent panel of leading scientists and medical experts decide
Q42_5	3rd Best/worst method for vaccine allocation: Allocate vaccines to "high risk" groups first (e.g., the elderly)
Q42_6	3rd Best/worst method for vaccine allocation: Allocate vaccines to groups most likely to transmit the virus
Q42_7	3rd Best/worst method for vaccine allocation: Allocate vaccines to places with highest current COVID-19 infection rates
Q37_3most_1	The THREE items you think should be the government's most important priorities now: Increasing employment
Q37_3most_2	The THREE items you think should be the government's most important priorities now: Addressing climate change
Q37_3most_3	The THREE items you think should be the government's most important priorities now: Getting COVID-19 under control
Q37_3most_4	The THREE items you think should be the government's most important priorities now: Decreasing poverty
Q37_3most_5	The THREE items you think should be the government's most important priorities now: Decreasing political corruption
Q37_3most_6	The THREE items you think should be the government's most important priorities now: Decreasing crime
Q37_3most_7	The THREE items you think should be the government's most important priorities now:

Q37_3most_8	Improving access to food supplies The THREE items you think should be the government's most important priorities now: Improving healthcare services
Q37_3most_9	The THREE items you think should be the government's most important priorities now: Improving public transport
Q37_3most_10	The THREE items you think should be the government's most important priorities now: Improving access to credit
Q37_3most_11	The THREE items you think should be the government's most important priorities now: Improving education
Q37_3most_12	The THREE items you think should be the government's most important priorities now: Improving access to water and sanitation
Q37_3most_13	The THREE items you think should be the government's most important priorities now: Improving access to electricity
Q37_3least_1	The THREE items you think should be the government's least important priorities now: Increasing employment
Q37_3least_2	The THREE items you think should be the government's least important priorities now: Addressing climate change
Q37_3least_3	The THREE items you think should be the government's least important priorities now: Getting COVID-19 under control
Q37_3least_4	The THREE items you think should be the government's least important priorities now: Decreasing poverty
Q37_3least_5	The THREE items you think should be the government's least important priorities now: Decreasing political corruption
Q37_3least_6	The THREE items you think should be the government's least important priorities now: Decreasing crime
Q37_3least_7	The THREE items you think should be the government's least important priorities now: Improving access to food supplies
Q37_3least_8	The THREE items you think should be the government's least important priorities now: Improving healthcare services
Q37_3least_9	The THREE items you think should be the government's least important priorities now: Improving public transport
Q37_3least_10	The THREE items you think should be the government's least important priorities now:

Q37_3least_11	Improving access to credit The THREE items you think should be the government's least important priorities now: Improving education
Q37_3least_12	The THREE items you think should be the government's least important priorities now: Improving access to water and sanitation
Q37_3least_13	The THREE items you think should be the government's least important priorities now: Improving access to electricity
Q39_1	In the long term, climate change is a more serious crisis than COVID-19.
Q39_2	In the planning for economic recovery after Covid-19, the government should prioritize actions that also help to deal with climate change
Q39_3	Government should focus on helping the economy to recover first and foremost, even if that means taking some actions that are bad for the environment
Q44_C_age	(Scenario A/B) Patient C – Age
Q44_C_gender	(Scenario A/B) Patient C – Gender

D2	Marital status
D3	How many days have you worked for wage/income, out of the past 14 days?
D6_C0	(C0) Daily income
D6_IN	(IN) Daily income
D6_KE	(KE) Daily income
D6_NG	(NG) Daily income
D6_VT	(VT) Daily income
D7_C0	(C0) Monthly income
D7_IN	(IN) Monthly income
D7_KE	(KE) Monthly income
D7_NG	(NG) Monthly income
D7_VT	(VT) Monthly income
D7_change	Is your household's income different today compared to the time before the COVID pandemic?
D4	Which of these best describes your current job situation?
D6_ZA	(ZA) Daily income
D6_TZ	(TZ) Daily income
D7_ZA	(ZA) Monthly income
D7_TZ	(TZ) Monthly income
D8	How difficult would it be for you to borrow (USD 100) for one month?

D9 Would it have been more difficult, about the same, or less difficult for you to borrow (USD 100) for a month before the COVID-19 pandemic?

D10_1 Household has: Refrigerator

D10_2 Household has: Fan

D10_3 Household has: Television

D10_4 Household has: Microwave

D10_5 Household has: Traditional stove (stones or mud)

D10_6 Household has: Gas stove

D10_7 Household has: Solar cooker

D10_8 Household has: Piped water connection for exclusive use of household members

D10_9 Household has: Shared piped water connection

D10_10 Household has: Private groundwater well

D10_11 Household has: In-house water treatment/filtration system

D10_12 Household has: Connection to a sewage line

D10_13 Household has: Private connection to electricity grid

D10_14 Household has: Shared connection to electricity grid

D10_15 Household has: Private or shared way of generating your own electricity such as a diesel generator or solar panels

D10_16 Household has: Internet connection

D10_17 Household has: Mobile phone

D10_18 Household has: Car, truck or van

D10_19 Household has: Motorbike/Motorcycle

D10_20 Household has: Bicycle

D14 What is your primary water source water?

D15 Is there a meter on the electricity connection?

D18 What fuel does your primary stove use?

D19 Do your household also have access to a second stove?

D20 What type of fuel does this secondary stove use?

D22_1 Six months from now do you expect: Household Income

D22_4 Six months from now do you expect: Amount of debt that I owe to others

D22_5 Six months from now do you expect: The chance that I will lose my job

D22_7 Six months from now do you expect: Outdoor air pollution

D23 Agree/disagree: Troublemakers should know that they are unwanted in society and should be dealt with harshly.

D24 Agree/disagree: People should leave important decisions to their leaders.

D25	Agree/disagree: Established customs and behavior should not be questioned.
D26	Own/Rent
D27	House description
D28	Are you living in a ...?
D29	What is the monthly rent household pays?
D30	If the house/flat you are living in were for sale in the market today, how much do you think it would sell for?
D36	Political Ideology
